

Merchant Solution

BVSecure Gateway powered by PayLeap satisfies and simplifies the processing needs of today's most complex multi-channel merchants. Whether your business is in need of Ecommerce, Retail or Mobile solutions, BVSecure Gateway is the one platform that can consolidate all of your payment processing requirements into one real-time system.

BVSecure Gateway Merchant Benefits

BVSecure Gateway provides one integrated, secure and reliable hosted service for credit card processing and payment gateway services, at an exceptional value when compared to our competitors. We serve our merchants by bundling your Credit Card/ACH/Gift Card processing and gateway accounts into one simple solution, saving your company time and money with one inexpensive package on one convenient monthly statement.

Additionally, our merchant partners can:

- Process credit cards, pin-based debit cards, checks, and gift cards through an internet-enabled PC in one location or across a chain of stores.
- Limit employee access to various payment functions through multiple levels of security logins, reducing errors and possible fraudulent activity.

BVSecure Gateway Competitive Pricing

We are committed to providing excellent products and services to you and your customers, for extremely competitive prices. Below you will find a rate/fee package. We are able to offer a more competitive package by bundling the Credit Card processing with our gateway. This package offers the benefits of a bundled solution in both price and ease of use.

Ecommerce Merchants

For Ecommerce merchants, BVSecure Gateway bundles your credit card processing with your gateway account, cutting down on excessive processing fees and consolidating separate statements. Merchants who use BVSecure Gateway have only one contact point for any questions or support concerns they need addressed.

BVSecure Gateway easily converts any PC with an internet connection into a processing terminal, enabling credit card, debit card, check, and gift card payments. With one solution, BVSecure Gateway provides a simple, clear and customizable way to handle various transactions through our bundled solution.

With BVSecure Gateway powered by PayLeap, Ecommerce merchants can:

- Integrate BVSecure Gateway directly with your existing BVCommerce Storefront.
- Process recurring payments through the secure virtual terminal.
- Benefit from real time API reporting.
- Conduct Simple one-time Web based transactions.

BVSecure Gateway Frequently Asked Questions

Merchants

Q. What types of merchants do you NOT accept?

A. Adult Internet, Internet Gambling, Escort Services, Airlines, Illegal Activities of any kind, Collection Agencies (if written off Debt)

Q. What credit card types may I accept?

A. BVSecure Gateway supports all major North American card networks. Visa, MasterCard, Discover, American Express, JCB, Wright Express, Carte Blanche & Diner's Club.

Q. Will I need additional equipment?

A. If you are an internet, mail order, or telephone order merchant then the answer is "no." BVSecure Gateway converts any PC into a real time Virtual Terminal. If you will be accepting face-to-face transactions, there may be the costs associated with purchasing a card swiper and a pin pad, if debit processing is desired. Please mention this to our representatives during the application process.

Q. What type of bank account do I need?

A. You will need a business checking account. Your bank must allow this account to be credited and debited via ACH methods.

Q. What happens after my application is approved?

A. After we approve your application, we will send you an email that confirms your approval and contains your user name and password. You will also receive a welcome kit via U.S. Mail with information pertinent to your account and customer service information.

Q. How will I get paid for credit card transactions?

A. Your designated checking account will be credited for MasterCard/Visa transactions within two business days of batch submission. All American Express transactions will be deposited by American Express.

Q. Who will review the information on my application?

A. Our merchant underwriting and activation group will review your application. The information you provide is kept completely confidential.

Q. Who do I contact if I am having problems with the application?

A. If you are having difficulty with any of the requested application data or are experiencing technical problems while completing the application, please call 877-472-0532. PayLeap representatives are available to assist you Monday through Friday, between the hours of 9 am and 6 pm EDT.

Q. How long will it take me to complete the online application?

A. We've designed our short online application with your busy schedule in mind. But before you begin, you will need to gather necessary information. Provided you have all of the information on hand, you can complete the application in about 15 minutes.
