Currituck Visitors Encouraged to Contact Rental Property Managers Prior to Traveling

Currituck County asks all incoming tourists to contact their rental property management company prior to arrival and make sure their specific rental house is accessible. Some areas of Corolla and the four-wheel drive area have standing water in roadways remaining from recent storms. Vacationers must check to see if they will be able to reach their rental property in a safe manner.

Despite the presence of standing water in certain locations, all vacationers and residents in Corolla must remember to follow the county's rules for beach driving. Specifically, section 10-128 of the Currituck County Code of Ordinances prohibits driving over dunes outside of access points. Motorists are advised to not drive over dunes illegally and to not block access points by illegally parking at the high dune line. At this time, all normal traffic patterns and parking regulations remain in effect in the four-wheel drive area.

For more information, contact the Currituck Tourism Department at 252-435-2947.
